The Better Developer Philosophy

DEVELPRENEUR
BUILDING BETTER DEVELOPERS

Our Philosophy

- Steady Progress
- Provide Value
- More than a developer
- Finishing Touches
- Communication and Presentation

Steady Progress

- Add new skills
- Improve on current skills
- Try new things
- Solve new problems
- Master solutions and best practices

Add Value, Always

- Understand requirements like no one else.
- Offer solutions, not flash or new technology
- Be on the lookout for new problems to solve
- Grow and value will be added to the team

More Than a Developer

- Write Code Faster
- Higher Quality Output
- Understand the business
- Focus on solving problems
- Understand costs and benefits

Finishing Touches

- Go the extra mile
- Comments and documentation
- Spell checking and grammar
- Unit tests, follow through
- Details, details, details (help, ids, tags, etc.)

Communication

- Proper emails - clear and concise
- Regular status
- Document changes and goals
- Reference projects and templates

Presentation

- Logo and Branding
- Professional look and feel
- Use the tools and resources available properly
- Whitespace and timing
- Know Your Audience

Final Thoughts

- Always move forward
- Never stop learning
- Provide Value
- Solve Problems
- Questions? Comments?

What We Learned

- Becoming a Better Developer is an approach to life
- This is a goal that will always be ahead of you.
- Never a dull moment
- An Elite Group

Thank You!
